

How to make a Printmaking Edition

In this example, the student's name is ***Jane Smith***, their ***title*** would go in the quotation marks and there is only 2 prints in their edition. This print is the ***first one of two.***

You will need to make sure:

1. YOU WRITE IN PENCIL
2. Everything is PRINTED, no cursive.
3. Your name is aligned to the bottom left hand corner of the print.
4. Your title is in quotes in the middle
5. Your edition number is aligned with the right hand corner of your print.
6. If a print isn't in an edition due to craftsmanship, type of paper, etc. it is customary to write AP for artist's proof instead of an edition number.
7. If you do not know the title for your work of art, make one up, or call it simply, "untitled"
